

# BOCE10

## BI - SAP Crystal Reports for Enterprise

**Course version:** BOCE10

**Duration:** 2 days

**Cost:** \$1,300.00

**Delivery Type:** Instructor-Led Virtual Classroom & Instructor-Led Public Training

### Prerequisites:

*Essential*

- None

*Recommended*

- Basic knowledge of database concepts

### Audience:

- Business Analysts
- Report Writers
- Report Designers
- Application Developers
- BI System Administrators

### Goals:

- Participants will gain the fundamentals of report design.
- Participants will acquire the basis for more advanced courses in the SAP BI curriculum.

### Content:

SAP Crystal Reports for Enterprise is a powerful, dynamic, actionable reporting solution that helps you design, explore, visualize, and deliver reports via the web or embedded in enterprise applications. This two-day instructor led course is designed to give you comprehensive skills and in-depth knowledge to plan and create reports that will help you analyze and interpret data. As a business benefit, you will find that this course is an in-depth approach to the entire report creation cycle from planning a report prototype to distribution a report.

- Fundamentals of planning and creating a report
- Introduction to data selection, data organization and formatting
- Basics of creating formulas and applying conditional reporting
- Introduction to exporting and distribution of reports

### Software Releases
