

SAP® Learning Hub: Anytime, Anywhere Access to Cloud-Based Learning

SAP Learning Hub

SAP® Learning Hub is the most comprehensive SAP learning offer on the market. An unsurpassed range of high-quality content is enhanced by social learning – all for one attractive subscription fee. As a cloud solution, SAP Learning Hub makes it easy to prepare for your next project or certification exam with comprehensive content, dynamic social learning opportunities, and optional live access to training systems – accessible anytime, anywhere.

Subscriptions can be purchased from DataSense Solutions for only \$2675.00 for a 12-month unlimited subscription. For the price of a single virtual course, subscribers have unlimited access to an ever-growing library of thousands of offerings, including e-learning courses, course handbooks and materials. In addition, you can participate in learning rooms, led by SAP solution experts, that cover specific topics and curricula.

SAP updates content libraries continually and makes content available in multiple ways:

- *Social learning:* A dynamic global community of learners, instructors, and subject matter experts
- *Handbooks:* Easy-to-consume how-to content in flipbook format
- *E-learning:* Interactive, multimedia content, assessments, and guided procedures
- *Live access:* Optional live access to training systems that help you hone skills
- *SAP Ramp-Up program:* First-level product training, including the latest on new releases

WE LET YOU TRY IT FREE!

Contact DataSense Solutions today for a free trial version of SAP Learning Hub. This trial version gives you limited access to the SAP Learning Hub – allowing you to discover the value and benefits of a subscription to SAP Learning Hub.
